Chigozie G. Okuma

Deggendorf, DE | +4917661841968 | cjokuma23@outlook.com

Professional Summary

Entry-level IT and Cybersecurity enthusiast with practical experience in web development, cloud computing, and technical support. Skilled in building real-world projects such as honeypots, dashboards, and IT asset simulations. Seeking remote internships to apply and grow skills in cybersecurity, IT support, or DevOps.

Skills

Cybersecurity Monitoring (Cowrie, Promtail, GeoIP)

Helpdesk Support & Troubleshooting (Windows/macOS)

Cloud (Azure, GitHub)

Web Development (Java, JavaScript, HTML, CSS, MySQL)

Automation & Scripting (Python, Bash)

Tools: Grafana, 3proxy, ServiceNow, Folium, Nmap.

Projects & Technical Experience

Cowrie Honeypot Alert System

Deployed an SSH honeypot on Azure using Cowrie, Loki, and Grafana.

Built attack maps with folium and email alerting. Logged and analyzed attacks from global IPs.

Proxy Server Deployment

Set up a 3proxy HTTP tunnel server on a public VM. Enabled multi-device connectivity, bypassed region restrictions. Managed logs and service automation.

CyberRecon – Web Reconnaissance & Vulnerability Scanner

Built a Python Based tool to perform reconnaissance on websites.

Collected IP addresses, server geolocation, and DNS information. Integrated basic vulnerability scanning and structured reporting.

Java-Based E-commerce Website

Created a mobile-optimized shopping site with secure checkout.

Integrated payment handling and deployed to production via web host.

GitHub: github.com/Learnlife001 ~ **Portfolio**: learnlife-portfolio.vercel.app

Work Experience

Web Developer Intern

Hangzhou Jinyi Network Technology Co. Ltd. | March 2024 – May 2024

Built and optimized an e-commerce site using Java. Integrated secure payment gateways.

IT Support Technician

Wenken Nig Ltd. | June 2019 – June 2020 Provided IT support for 50+ users.

Managed hardware staging, deployment, and inventory. Documented asset movement and service logs.

Education

Zhejiang University of Science & Technology

BSc – Computer and Information Science | Hangzhou, China | July 2025 (Awaiting Certificate)

Deggendorf Institute of Technology

BSc- Artificial Intelligence | Oct 2025 present

Certifications & Learning

Security+ (Ongoing)

Security Blue Team Labs (Ongoing)
